THIS MONTH'S LECTURE

Translational medicine in drug discovery for psychiatrics

Join us for a lecture on the translational aspects of drug discovery research, with the aim to identify model systems and assay approaches that allow for validation of biological processes and pharmacological effects across species.

The lecture is free, but sign up is mandatory! Please, also remember to cancel in the unusual case of cancellation.

TIME AND PLACE

20 April 2017, 16 pm–18:30 pm
Novo Nordisk Fonden
Tuborg Havnevej 19, 2900 Hellerup.
Open for registration from 15:45

PROGRAM AND SIGN UP

Online at
www.novonordiskfonden.dk/lectures

ABOUT US

Copenhagen Bioscience Lectures are a series of open lectures for all researchers and other interested in and around the Copenhagen area.
